

Resale Companies / Individuals

Dear Valued Members,

Our Company would like to advise all members to be aware of the business practices of certain companies or individuals who approach you with a view of either renting your membership Points or buying over your membership. At the same time, you might be asked to surrender your Points Entitlements to this group who would assure you that you would also be refunded the cost of your membership in full after a period of time. Meanwhile, you might be required to pay upfront either a joining fee or a processing fee to this company / person.

We would like to clarify and inform member that Sara Worldwide Vacations Berhad had **NEVER** been involved in any “resale market” or engaged any agent for “resale”. We have no connection whatsoever with this company / person and we advise you to check with our Member Service Centre should you be approached by people offering such services.

At the same time, we wish to inform that our Company does not provide facilities on Points Rentals, Buy Back of club memberships, or Trade-ins other timeshare memberships.
